Sommario/riassunto	Written by Elaine Marieb, this study guide can be used independently or in conjunction with any A&P book. It is designed to help students get the most out of their A&P classes and consists of a variety of activities that will engage students while helping them learn anatomy & physiology. Coloring activities, At the Clinic application questions, and Incredible Journey visualization exercises ask students to imagine themselves in miniature traveling through the human body, providing ample opportunities to practice what they've learned. The Tenth Edition is thoroughly updated with new At the Clinic application questions and Finale: Multiple Choice questions throughout, and new coloring activities.
