Sommario/riassunto	Francis Bacon was having a ball in Berlin--until his uncle Lastings disappeared, leaving Francis alone, broke, and wanted by the German police as well as the burgeoning Nazi party for a political murder he didn't commit. Luckily, for a young painter still learning his craft, there's no better place to find refuge than the cafes of Paris. In the City of Lights, Francis can perfect his French, complete his education, and--if he's lucky--escape with his life.
