Sommario/riassunto

For Principles of Microeconomics courses at two- and four-year colleges and universities A practice-oriented learning system that breaks the traditional textbook mold To help students focus on the most important concepts-and effectively practice application of those concepts-Foundations of Microeconomics is structured around a Checklist/Checkpoint system. The result is a patient, confidence-building program that prepares students to use economics in their everyday lives, regardless of what their future career will be. This program provides a better teaching and learning experience-for you and your students. It will help you to: Personalize learning with MyEconLab: This online homework, tutorial, and assessment program engages students in learning and provides instructors tools to keep students on track. Encourage students to learn by doing: A Checklist/Checkpoint system provides a practice-oriented framework that enables active learning. Command student attention and foster interest in the course: Engaging features draw students into the material, and keep them focused throughout the course. Provide engaging, fully updated content: New and updated material on contemporary topics better motivates students to discover the economic way of thinking. Please note that the product you are purchasing does not include MyEconLab. MyEconLab Join over 11 million students benefiting from Pearson MyLabs. This title can be supported by MyEconLab, an online homework and tutorial system designed to test and build your understanding. Would you like to use the power of MyEconLab to accelerate your learning? You need both an access card and a course ID to access MyEconLab. These are the steps you need to take: 1. Make sure that your lecturer is already using the system Ask your lecturer before purchasing a MyLab product as you will need a course ID from them before you can gain access to the system. 2. Check whether an access card has been included with the book at a reduced cost If it has, it will be on the inside back cover of the book. 3. If you have a course ID but no access code, you can benefit from MyEconLab at a reduced price by purchasing a pack containing a copy of the book and an access code for MyEconLab (ISBN:9781292019277) 4. If your lecturer is using the MyLab and you would like to purchase the product... Go to www.myeconlab.com to buy access to this interactive study programme.
