Sommario/riassunto

THE definitive classic text in the field of Family Therapy Family
Therapy: Concepts & Methods describes and analyzes the field of family
therapy, covering its history, schools, and developments.
Numerous case studies throughout the text help students understand
the link between history, theory, and practice. Learning Goals Upon
completing this book, readers will be able to: Describe clinical
approaches Understand old and new developments in the field of
family therapy Analyze successes and failures in research, and the
impact on current clinical practices Compare different schools of
family therapy and explain the contemporary status of distinct schools
of therapy.
