Collana	The Classic Wine Library
Disciplina	641.2226094688
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Fully revised and updated for its sixth edition, this benchmark book chronicles the changing face of sherry - its viticultural methods, the complex production techniques, the growth of the wine's trade and the region itself - taking us from the area's early Phoenician settlers right up to the present day. Detailed sections on cultivation and production include information on both traditional and the now more commonly used modern methods of viticulture. Manzanilla, the 'wine of joy', receives an entire chapter to itself, before Jeffer brings the information on blending and tasting sherry up to date. Sherry provides extensive details for all the shippers, updated for 2019, from the traditional family firms to the new boutique bodegas, along with thorough appendices for those who wish to delve into the fine details. This classic wine book unravels the timeless appeal of one of Spain's greatest wines, making it an essential resource for anybody with an interest or involvement in the world of sherry.</p>
