Disciplina	302
Soggetti	Human behavior Human biology - Social aspects Cognitive psychology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Previously issued in print: 2016.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	In 'What's Normal?', Allan Horwitz examines the roles that biological and social forces play in determining human behaviour. Rather than attempting to solve these issues universally, Horwitz demonstrates that both social and biological mechanisms have varying degrees of influence in different situations.
