Peers and Family Stories -- Section 5 Conclusion -- Chapter Ten: The End of the Story, for now -- Appendix: Methodological Issues -- References -- About the Author -- Index.
Sommario/riassunto	In 'The Co-authored Self', Kate McLean addresses the question of how an individual comes to develop an identity by focusing on the process of interpersonal storytelling, particularly through the stories people hear, co-tell, and share of and with their families. McLean details how identity development is a collaborative construction between the

individual and his or her narrative ecology.
