Sommario/riassunto	An examination of the nature and virtuousness of loyalty and of some of its primary associations: friends, families, organizations, professions, nations, countries (patriotism), and religion (absolute loyalty). Loyalty is distinguished from its cognates and contrasts, its role in human associative life is articulated, and its status as a virtue is defended. The particularist-universalist debate is addressed, the idea of a loyal opposition explored, and its limits defined.
