Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The term 'manifest destiny' has traditionally been linked to U.S. westward expansion in the nineteenth century, the desire to spread republican government, and racist theories like Anglo-Saxonism. Yet few people realise the degree to which manifest destiny and American republicanism relied on a deeply anti-Catholic civil-religious discourse.
