Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This volume offers a rereading of several canonical stories in Jewish texts and Greek tragedy using devoted resistance as the interpretative lens. These stories highlight the ways in which cultural heroes can distort key parts of themselves and their traditions in the name of tradition itself. This volume explains the tendency of carriers of culture to enshrine authoritative voices in the collective imagination through their selection of canonical stories and to stigmatise and marginalise traditions seen as standing in opposition to the dominant system.
