Lawrence Lowell, and Frank Goodnow -- Conclusion. The

Americanization of Political Science and the Americanization of "Liberalism".

Sommario/riassunto

Political science's pioneers in the American academy were, this book proposes, active agents of the Americanisation of liberalism, and the history of American political science offers a venue in which we see how a distinct current of mid-nineteenth-century European liberalism was divergently transformed into alternative twentieth-century American liberalisms.
