Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	This study traces the development of MI5 surveillance of German-speaking refugees through the case files of some of its individual targets and of the main refugee organisations; it also considers the refugees' British supporters and the refugee informants who spied on fellow-refugees, as well as MI5's tussles with the Home Office and other official bodies. Finally, it assesses how successful - or how useful - this hidden surveillance exercise actually was.
