Descrizione fisica	1 online resource (543 pages) : illustrations
Disciplina	330
Soggetti	Economics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	Economics 4th edition is a concise introduction to the core principles of economics, aimed at students taking their first, and probably only, one semester course in Economics. These students may be taking a business related degree, or may be from other degree schemes in the university taking a service course in Introductory Economics. There is a balanced split between the micro and macro economics section and the use of case studies and numerous examples makes this a lively little book for the reader. The real difference that this book offers the student is the amount and variety of questioning material that will really test their understanding.
