Sommario/riassunto	"Threatened with an unwanted marriage, Lady Josceline Woodsby escapes London to take a position as a country governess. When she discovers the job is no longer available, Josceline vows she will do anything to avoid returning to her previously dismal life - even if it means coercing the ruthless Captain Sharrington into providing her with employment. Spurned by a father he never knew and sent off to sea at a very young age, Christopher Sharrington leaves a promising naval career determined to make his own mark on society as owner of a shipping enterprise. The only problem is, hiring the alluring Lady Woodsby as governess for children he doesn't even have, is definitely not part of his future plans."--Publisher.
