The institutional performance of parliaments in consensus democracies -- 8. Regional and local patterns in consensus democracies -- 9. The changing political economy of consensus democracies -- 10. Consensus democracies as the model for European and global governance.
Sommario/riassunto	Taking a multi-dimensional and multi-spatial approach, this book examines the consensus democracies of Austria, Belgium, Luxembourg,

the Netherlands and Switzerland over the past 40 years. It examines how these democracies have been transformed by Europeanization and globalization yet are able to maintain political stability.
