

1. Record Nr.	UNINA9910154810203321
Autore	Walker Lorraine Olszewski
Titolo	Strategies for theory construction in nursing // Lorraine Olszewski Walker, Kay Coalson Avant
Pubbl/distr/stampa	Harlow, Essex, England : , : Pearson, , [2014] ©2014
ISBN	1-292-05594-4
Edizione	[Fifth edition, Pearson new international edition.]
Descrizione fisica	1 online resource (ii, 241 pages) : illustrations
Collana	Always learning
Disciplina	610.7301
Soggetti	Nursing - Philosophy Nursing models
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Theory in nursing : past to present -- 2. Using knowledge development and theory to inform practice -- 3. Approaches to theory development used in this book 4. Part: derivation strategies -- 5. Concept derivation -- 6. Statement derivation -- 7. Theory derivation -- 8. Part: synthesis strategies -- 9. Concept synthesis -- 10. Statement synthesis -- 11. Theory synthesis -- 12. Part: Analysis strategies -- 13. Concept analysis -- 14. Statement analysis -- 15. Theory analysis -- 16. Part; perspectives on theory and its credibility -- 17. Concept, statement, and theory testing.
Sommario/riassunto	For all masters or doctoral courses on nursing theory or related to framework development for practice or research. For beginning graduate students in nursing and related disciplines, this text offers the clearest, most useful introduction to methods of theory development. It places nursing theory development in context, with a rich historical view that traces the field from its mid-20th century beginnings through contemporary and emerging issues. Present-day coverage includes both domain- and population-focused theories designed to specifically address the needs of clients served by nurses. Important additions in this edition include short reflections and critical thinking projects, as well as a new chapter on using knowledge development and theory to inform practice.
