Note generali	Proceedings of the 2nd International Conference on Energy, Environment and Materials Science (EEMS 2016), July 29-31, Singapore. A Balkema Book--cover.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Energy science and energy technology -- Environmental science and environmental engineering -- Material science and engineering.
Sommario/riassunto	The 2016 International Conference on Energy, Environment and Materials Science (EEMS 2016) took place on July 29-31, 2016 in Singapore. EEMS 2016 has been a meeting place for innovative academics and industrial experts in the field of energy and environment research. The primary goal of the conference is to promote research and developmental activities in energy and environment research and further to promote scientific information exchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference is an ideal platform for people to share views and experiences in energy, environment and materials science and related areas.
