Nota di contenuto	pt. I. Separability, sources and rules -- pt. II. Rules and authority -- pt. III. Prescriptive positivism -- pt. IV. Revisiting the classical positivists.
Sommario/riassunto	Despite persistent criticism from a variety of different perspectives including natural law, legal realism and socio-legal studies, legal positivism remains as an enduring theory of law. The essays contained in this volume represent the most balanced responses toward legal positivism and although largely sympathetic, the essays do not fail to criticize elements of the tradition wherever appropriate.
