Edizione	[1st ed.]
Descrizione fisica	1 online resource (176 pages) : illustrations
Collana	Routledge studies in Asian law
Disciplina	341.4/480916472 341.4480916472
Soggetti	Law of the sea - South China Sea Territorial waters - Southeast Asia South China Sea International status Southeast Asia Boundaries
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The South China Sea under the colonial encounter in the 19th century -- Beyond territorial disputes: maritime issues and the revolutionary China -- A neglected dimension in South China Sea: fishing -- From the centre: the dash-line claim as a historical immaginarium or a quest for new course? -- From the centre: a proposal of jurisdiction right upon maritime spaces -- From the periphery: the South China Sea as a frontier and application of the maritime space jurisdiction right -- Echoing the Mandala legacy: rethinking ASEAN engagement in South China Sea -- From the periphery: state succession and the South China Sea disputes.
Sommario/riassunto	"The proposed book draws on the on-going South China Sea dispute, and the multifaceted challenges wrought by the South China Sea issue that requires an inter-disciplinary perspective. It employs legal-analytical methods, to emphasize the nuances of the role and interpretation of international law and treaties by China in different periods, while taking into account policy and strategic concerns, which generally cast great sways in decision-making. The re-introduction of

interdisciplinary concerns straddling law and history illustrates that the historical dimension, which has long been neglected, is an emerging concern that poses looming dangers that may unexpectedly radicalize the friction. Contributing to debunking the mystique wrought by confrontations between a historical and a law-dominated perspective, these perspectives are supported by a more nuanced analytical framework, featuring theoretical concerns with a tinge of practicality. The South China Sea Dispute aims to unveil a nuanced evolution of the issue with a confluence of inter-temporal law, policy and maritime practices in the South China Sea"--
