Soggetti	<p>           Historiography - France            Memory - History            Medievalism - France - History - 19th century            Middle Ages - Historiography - History - 19th century            Arts, French - 19th century            French literature - Medieval influences            Middle Ages in literature            Middle Ages in art            Civilization, Medieval, in literature            Civilization, Medieval, in art            France History To 987 Historiography            France History Medieval period, 987-1515 Historiography            France History To 987 Sources            France History Medieval period, 987-1515 Sources            France Intellectual life 19th century            France Civilization 19th century            France Civilization Medieval influences         </p>
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	L'interpretation du Moyen Age sous le Second Empire se reduit-elle aux normes historiques, archeologiques, sociales et philosophiques de l'epoque ? L'auteur montre que le Moyen Age loin d'etre un simple miroir, faconne les mentalites. Sa representation litteraire et artistique

trouve un echo dans l'imaginaire collectif qui l'investit affectivement.  
Enfin, sa reception comporte en germe certaines methodes et concepts  
historiques du siecle suivant. (CD-Rom a l'interieur).
