Sommario/riassunto	Nesmet Lazar's essay 'Peut-on encore sauver la France?' is a critical examination of the current state of French politics and governance. The author, driven by a sense of disillusionment and revolt, scrutinizes the mismanagement, corruption, and disconnect between the country's leaders and its citizens. Lazar offers a fierce critique of the political elite, highlighting their failures and proposing measures to rectify the situation. The book is intended for citizens who are frustrated with the status quo and seeks to incite civic engagement and responsibility. It is a no-holds-barred analysis aimed at urging political and social reforms in France.
