

1. Record Nr.	UNINA9910155240603321
Titolo	A notebook of dermatopathology : mastering the basics, pattern recognition, and key pathologic findings // edited by Mariya Miteva, MD, Department of Dermatology and Cutaneous Surgery, University of Miami Miller School of Medicine, Miami, FL, U
Pubbl/distr/stampa	Boca Raton : , : Taylor & Francis, , [2017] ©2017
ISBN	1-315-34135-2 1-315-38192-3 1-84214-567-3
Descrizione fisica	1 online resource (220 pages) : color illustrations
Disciplina	616.5/07
Soggetti	Skin - Diseases - Pathophysiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based on print version record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Characteristics of the cells at low power and close up view -- Terminology, stains, and markers -- Inflammatory dermatoses -- Non-inflammatory dermatoses -- Skin tumors -- Key pathologic findings for levels of the skin.
Sommario/riassunto	This is an invaluable collection of information designed to help residents, fellows, and students - as well as any already qualified medical professional interested in revising the essentials of skin conditions – to master the basics of skin pathology. Using the principle of pattern recognition, it simplifies the multitude of dermatopathologic signs by using easy-to-memorize images of what the key features look like - photomnemonics. There are also helpful sections on the technical aspects of dermatopathology and on the key findings at each level of the skin. Organized simply and abundantly illustrated, this text will be an indispensable guide to revision for all its readers.
