Sommario/riassunto	Cet ouvrage etudie les changements économiques et sociaux intervenus en Cote d'Ivoire de 1843 a nos jours. Ainsi, il y a eu une transformation de la societe lignagere ivoirienne, suite a l'avenement des investissements directs etrangers, en 1843 jusqu'a l'indépendance de 1960. A partir de cette annee, l'evolution de l'economie ivoirienne s'est faite sous l'impulsion de l'Etat. Ces changements traduisent alors la comprehension de la genese et l'evolution de l'economie de ce pays. L'ouvrage analyse donc les causes du conflit ivoirien et se propose de faire emerger des pistes de solutions.
