Sommario/riassunto	The Island of Dr. Moreau is an 1896 science fiction novel by H.G. Wells. It is the tale of Prendick, a British scientist, who is shipwrecked off Sumatra, then rescued and brought to an unnamed island. There he meets the evil scientist prototype, Dr. Moreau: a white-haired Old Testament type who, with the aid of a man named Montgomery, is changing animals into crazy man-beasts. Hyena-swine, Dog Man, Wolf woman - Prendick is horrified by the cruel experiments in vivisection that were being performed. Like a good evil scientist, Moreau expounds to Prendick that he'd lived on the island for ele
