Sommario/riassunto	<p>In The Vaccine-Friendly Plan, Paul Thomas, MD, presents his proven approach to building immunity: a new protocol that limits a child's exposure to aluminum, mercury, and other neurotoxins while building overall good health. Based on the results from his pediatric practice of more than eleven thousand children, as well as data from other credible and scientifically minded medical doctors, Dr. Paul's vaccine-friendly protocol gives listeners:recommendations for a healthy pregnancy and childbirthvital information about what to expect at every well child visit from birth through adolescencea slower, evidence-based vaccine schedule that calls for only one aluminum-containing shot at a timeimportant questions to ask about your child's first few weeks, first years, and beyondThe Vaccine-Friendly Plan presents a new standard for pediatric care, giving parents peace of mind in raising happy, healthy children.</p>
