| Sommario/riassunto | Audisee® eBooks with Audio combine professional narration and text highlighting to engage reluctant readers!Sunlight, air, water, and minerals help keep plants alive. But do you know how much water is needed for a seed to sprout? Or what a plant will do to find the light it needs? Let's experiment to find out! Simple step-by-step instructions help readers explore key science concepts. Projects include materials easily found around the house and will inspire learning and creativity! |
