Sommario/riassunto	<p>Mountain Spirit Mysteries: Book Four Parks and Wildlife Officer Brock Summers-Weir and his new husband, wildlife rehabber Landon Weir-Summers, are on their honeymoon high in the northern Colorado Rockies when they find an orphaned cougar cub. They quickly discover that there have been a number of cougars injured or killed in the area around Steamboat Springs. Although they are supposed to be on vacation, they work with local officials to try to find out what's happening to the big cats. When they get too close to the answers, their camp is ransacked and an ominous message is left. Rather than letting this intimidate them, they step up their investigation in the hopes that they can find the people responsible for the carnage and still manage to have a happy honeymoon.</p>
