Sommario/riassunto	<p>Native Ingenuity: First Chronicle  After his family is killed by thieves, sole survivor Trey McAlister is taken in by a nearby Comanche clan. Trey has a gift for magic and the clan's shaman, Singing Crow, makes him an apprentice. While learning to control his powers, Trey bonds with a young warrior and shape-shifter, Gray Talon. When they are sent out on a quest to find the missing daughter of a dragon, they encounter the same bandits who murdered Trey's family, as well as a man made of copper who drives Trey to dig deeper into the magics that created him. It doesn't take them long to discover a rancher near Cheyenne, Wyoming is plotting to build a workforce of copper men--and has captured the dragon's daughter they've been searching for. Trey and Gray Talon must draw on all their knowledge and skills to complete their quest--one that grows more complicated, and more dangerous, with each passing day.</p>
