Sommario/riassunto	<p>Kellan McKee has secrets to hide, but being transgender isn't one of them. It's something his mother accepts. His stepfather isn't so amenable, and when one of his friends tries to assault Kellan, the bigoted man gets more than he bargained for. Kellan fights to protect himself but loses control of what makes him really different--his psychic powers. On the run in Denver with enough money from his mother to get him to safety, Kellan meets Shad, a similarly gifted individual, who offers to help keep him under his stepfather's radar. As the two travel, Kellan learns of a group in Boston that may offer him a safe place and the opportunity to gain greater control of his abilities. Only one problem: his stepfather has tracked him down and is out for revenge. And not everyone in the Boston group is happy to have Kellan there. Kellan isn't going to be safe for long.</p>
