Sommario/riassunto	<p>Kaathi, the healer and Jacob, the warrior, embark on a quest to find the Ancients that have been communicating with Kaathi since she was a child. They encroach on the territories of lions, crocodiles, baboons, a race of diminutive hairless people, a new colony of mutants, a couple of gigantic stature and people resembling Neanderthals; their encounters elicit danger, injury and death. Intrigued by how Kaathi's love dissolves confrontations, and the depth of love inherent in someone so young, some from the new races seek sanctuary with her to embrace love and alter their lives. Their meeting with Ancient Mother provides them the opportunity to discover their hidden talents, while Ancient Father presents them with a glimpse into their future. For some the future holds tragedy, for others a sense of purpose. The adventure continually provides Kaathi with the opportunity to demonstrate the power of love.</p>
