Autore	Simcock Peter
Titolo	Social work and disability // Peter Simcock, Rhoda Castle
Pubbl/distr/stampa	Cambridge, [England] ; ; Malden, Massachusetts : , : Polity, , 2016 ©2016
ISBN	1-5095-0830-9
Descrizione fisica	1 online resource (300 pages)
Collana	Polity social work in theory and practise Social work and disability
Classificazione	POL019000
Disciplina	362.4/04532
Soggetti	Social work with people with disabilities Social service - Practice Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	"Social Work and Disability offers a contemporary and critical exploration of social work practice with people with physical and sensory impairments, an area that has previously been marginalized within both practice and academic literature. The book explores how social work practice can, and indeed does, contribute to the promotion of disabled people's rights and the securing of positive outcomes in their lives. The book begins by exploring the ways in which disability is understood and how this informs policy and practice. Opening with a thought-provoking account of the lived experience of a disabled person using social work services, it goes on to critically analyse theory, policy and contemporary legislative change. Inequality, oppression and diversity are the focus of the second section of the book, whilst the remainder offers an in-depth exploration of the social work practice issues in disability settings, including work with children, adults and safeguarding. Service-user and carer perspectives, case profiles, reflective activities and suggestions for further reading are included throughout the book. Social Work and Disability will be essential reading for social work students and practitioners. It will also be of interest to service-users and carers, students on health and social

care courses, third sector practitioners and advocates. Social Work and Disability offers a contemporary and critical exploration of social work practice with people with physical and sensory impairments, an area that has previously been marginalized within both practice and academic literature.
