Sommario/riassunto	<p>Cael will never take a mate. After accidentally hurting the only woman he's ever loved, he believes it unsafe for him to ever touch a woman again. Aiyanna doesn't care. For years, she's wanted him, only to be rejected at every turn. It stings every time he turns her away, but letting him go would only hurt worse. When vampires come to New Orleans for the first time in decades, problems between Cael and Aiyanna seem small in comparison to the danger now facing the thousands of humans celebrating Mardi Gras. Only together do they have a chance to defeat the new creatures threatening the entire city, including Cael's werewolf pack. Healed brings the Crescent City Creatures together again in an installment filled with danger, revelations, and love.</p>
