Sommario/riassunto	During the early years of the Iraq War, the US Army was unable to translate initial combat success into strategic and political victory. Iraq plunged into a complex insurgency, and defeating this insurgency required beating highly adaptive foes. A competition between the hierarchical and vertically integrated army and networked and horizontally integrated insurgents ensued. The latter could quickly adapt and conduct networked operations in a decentralized fashion; the former was predisposed to fighting via prescriptive plans under a centralized command and control. To achieve success, the US A

Sommario/riassunto	Demure, innocent Heather Montemedi, newly promoted financial advisor, returns from an overseas vacation to find that her company is about to have a new boss. When she accidentally falls into his arms, emotions and desires arise that she didn't know existed. Frustratingly, the dashing, mega-rich George Rubic is more baffling than the most complex of puzzles. Unattainable, with unusual sexual tastes, he mesmerizes Heather with his overwhelming sensuality, his mysterious, unpredictable personality, and his unwillingness to discuss his history that includes an obscure past with unexpected secrets. His surprising interest in her leads them both down an uncharted path, one that leads to wicked thoughts, intense passion, and discovery.
