Sommario/riassunto	<p>After an experience that could only be described as an uphill hike through the pit of Hell, celebrity couple Jack and Shannon have everything they always dreamed of. One and a half years into their marriage, life is pretty perfect. But perfection, it seems, can't last forever. They are faced with a life-threatening choice that must be made--and they have to make it fast. Ensuring their future together will come at a hefty price, and it's one that they aren't sure they want to pay. Content Notes: Spicy</p>
