Sommario/riassunto	<p>Nicholas Blake is your typical class A, rich bastard who loves getting what he wants. He's spoiled, selfish and enjoys all the lavish pleasures life has to offer-especially those that involve women and getting naked. Nicholas' life is just damn near perfect. But one night out on the town with his friends and everything changes. One encounter with a stripper in stilettos who fittingly calls herself Cinderella, and his life suddenly doesn't seem so goddamn perfect anymore. As if that isn't enough, there's also Emma, the new maid in his father's mansion that immediately piques his curiosity with her sweet smile and blue-green eyes. He finds himself drawn to her and wants nothing more than to seduce her into his bed, to make her his. But he just can't seem to stay away from the stripper that makes him burn in ways he never knew possible. The more he starts to care for Emma, the stronger his obsession grows for Cinderella. Insane? Absolutely. Twisted? Yes. Completely screwed up? Hell yes. A decision needs to be made; he needs to choose. But will Nicholas be able to make that choice when he finds himself all tangled up in a giant cluster of love, lust and stilettos?</p> <p>Content Notes: Spicy</p>
