Sometimes love means letting go before you can hold on. Hopeless romantic Samantha is unlucky in love. After an instant connection with a sexy restaurant owner, however, she believes her luck is on the uptick. Shameless sleaze Nick uses his high-end restaurant as an endless source of women. He never has any trouble sealing the deal-- that is until he meets Samantha. She requires a minimum of ten dates before she'll jump into bed with him so he plays the part of the perfect boyfriend and suggests a romantic getaway as a means to get around it. What was supposed to be a fun, sexy weekend quickly transforms into eighteen harrowing hours when a catastrophic accident thrusts them into survival mode. Nick is faced with his deepest fears and ultimately questions everything he's ever believed about life and love. And once Nick's true character is revealed, Samantha questions whether she should be with him at all. Content Notes: Sweet, Contemporary
