Sommario/riassunto	Moscow Dateline, 1941-1943 by Henry C. Cassidy provides a first-hand account of the political and military landscape in the Soviet Union during World War II. The book offers insights into the Soviet leadership, including key figures like Joseph Stalin, and details the tense

atmosphere in Moscow as the Soviet Union prepared for and reacted to Germany's invasion. Through detailed observations, Cassidy captures the mood of the city, the strategic decisions made by the Soviet leadership, and the challenges faced by its citizens. The work serves as a historical document, shedding light on the complexities of Soviet politics and military strategies during a pivotal period in history. It is intended for readers interested in World War II history and Soviet studies.
