Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (pages 179-196) and index.
Sommario/riassunto	This volume represents the first extensive study on German theoretical approaches to biographical writing at the end of the Eighteenth Century. Following key figures in German Enlightenment like Johann Gottfried Herder, Friedrich Schlichtegroll and Daniel Jenisch, this book traces the attempt to establish biography as a central genre in comprehensive hermeneutic world view.
