Disciplina	338.1091724
Soggetti	Agriculture - Economic aspects - Developing countries International trade
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 11 Aug 2017).
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Executive summary -- Introduction -- Why open agricultural trade matters -- Reform achievements so far, and GATT/WTO contributions -- Remaining barriers to farm trade -- Trade and welfare effects of further partial reforms under WTO -- Ongoing and emerging issues in agricultural trade negotiations -- Ways forward -- References.
Sommario/riassunto	This study reviews policy developments in recent years and, in the light of that, explores ways in which further consensus might be reached among WTO members to reduce farm trade distortions - and thereby also progress the multilateral trade reform agenda. Particular attention is given to ways that would boost well-being in developing countries, especially for those food-insecure households still suffering from poverty and hunger.
