

1. Record Nr.	UNINA9910157157203321
Titolo	A practical approach to obstetric anesthesia // editors, Curtis L. Baysinger, Brenda A. Bucklin, David R. Gambling
Pubbl/distr/stampa	Philadelphia, : Wolters Kluwer Health, 2016
ISBN	9781469882888 1469882884
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (1,106 pages) : illustrations (some color)
Altri autori (Persone)	BaysingerCurtis L BucklinBrenda A GamblingDavid R
Disciplina	617.9/682
Soggetti	Anesthesia, Obstetrical Pregnancy Complications Labor, Obstetric Anesthesia in obstetrics Pregnancy - Complications Labor (Obstetrics)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Preceded by A practical approach to obstetric anesthesia / editors, Brenda A. Bucklin, David R. Gambling, David Wlody. c2009.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Title Page -- Copyright -- Dedication -- Preface -- Acknowledgments -- Contributors -- Section I: Pharmacology and Physiology -- 1 Physiologic Changes of Pregnancy -- 2 Uteroplacental Anatomy, Blood Flow, Respiratory Gas Exchange, Drug Transfer, and Teratogenicity -- 3 Local Anesthetics and Toxicity -- 4 Obstetric Medications -- Section II: Antepartum Considerations -- 5 Ethical and Legal Considerations in Obstetric Anesthesia -- 6 Nonobstetric Surgery during Pregnancy -- Section III: Labor and Delivery -- 7. Fetal Assessment and Monitoring -- 8 Maternal Infection and Fever -- 9 Non-neuraxial Analgesic Techniques -- 10 Choice of Neuraxial Analgesia and Local Anesthetics -- 11 Ultrasound and Echocardiographic Techniques in Obstetric Anesthesia -- 12 Impact of Neuraxial Analgesia on Obstetric Outcomes -- 13 Anesthetic Considerations for Women Receiving Cesarean Delivery -- 14 Difficult

Airway Management in the Pregnant Patient -- 15 Anesthesia for Multiple Gestation and Breech Presentation -- 16 Obstetric Emergencies -- 17 Newborn Resuscitation -- Section IV: Postpartum Issues -- 18 Postcesarean Analgesia -- 19 Management of Postdural Puncture Headache -- 20 Neurologic Deficits Following Labor and Delivery -- 21 Postpartum Tubal Ligation -- Section V: Disease States -- 22 Hypertensive Disorders of Pregnancy -- 23 Endocrine Disorders -- 24 Thrombophilias/Coagulopathies -- 25 Cardiac Disease in the Obstetric Patient -- 26 Neurologic and Neuromuscular Disease -- 27 Renal and Hepatic Disease in the Pregnant Patient -- 28 Obstetric Anesthesia for Parturients with Respiratory Diseases -- 29 Obesity and Pregnancy -- 30 Trauma in the Obstetric Patient -- 31 Management of the Opioid Dependent Parturient -- 32 Maternal Morbidity and Mortality -- Section VI: Guidelines From National Organizations -- 33 Guidelines from National Organizations -- Index.

Sommario/riassunto

Successfully combining the comprehensive depth of a textbook and the user-friendly features of a practical handbook, *A Practical Approach to Obstetric Anesthesia, 2nd Edition*, is a portable resource for both experienced and novice clinicians. Focusing on clinical issues in obstetric anesthesia, it uses an easy-to-follow outline format for quick reference, enhanced with numerous tables, figures, and photographs. The use of color in this edition highlights key information and improves readability for daily practice and study.
