Sommario/riassunto	"Coming home was the last thing that globe-trotting photographer, Lucy Aarons wanted to do. "But after work-related issues force her to return to her hometown, Lucy must face the truths she's been hiding from all along. Avoiding her too-sexy next-door-neighbor proves impossible. Sheriff Alex Whitman is not the same boy she left behind years ago. Realizing Alex's steady presence is exactly what she craves, Lucy gives in to her desires. Just as the fire between them ignites, so does the town, as Alex investigates an arsonist who's hitting them both a little too close to home. As the circumstances around them heat up, and Lucy battles her instinct to bolt, the buildings may not be all that burn to the ground.
