Sommario/riassunto	<p>Would you rather be run over by a monster truck or a supercar? Would you drive a dragster or a tank? These diabolical situations and more will have you running for cover as you plunge into a series of fiendish questions and answers. Brilliant author, Helen Greathead, has plucked some rubber-burning, tyre-screeching situations from the world of planes, trains and cars, and mashed them up into brain-tastic challenges. All you have to do is choose! So, come on, what would YOU choose?</p>
