Nota di contenuto	Front Matter -- Contents -- Acknowledgments -- Preface -- Introduction -- College Aspirations, Expectations and Concerns -- College as a Learning Experience -- Being Black, Being Male on Campus -- Black Men Emerging -- Brotherhood and Bonding -- Black Men in College -- Appendix -- Notes -- References -- Index
Sommario/riassunto	This work marks a radical shift away from the pervasive focus on the challenges that Black male students face and the deficit rhetoric that often limits perspectives about them. Instead, Derrick R. Brooms offers reflective counter-narratives of success. Being Black, Being Male on Campus uses in-depth interviews to investigate the collegiate experiences of Black male students at historically White institutions. Framed through Critical Race Theory and Blackmaleness, the study provides new analysis on the utility and importance of Black Male Initiatives (BMIs). This work explores Black men's perceptions, identity constructions, and ambitions, while it speaks meaningfully to how race and gender intersect as they influence students' experiences.
