	Sommario/riassunto	"[This book] is an essential research source for the latest information on national and international political propaganda and opinions spread

by technological forums. Featuring expansive coverage on a number of relevant topics and perspectives, such as environmental justice, alternative ideology, and information and communication technologies (ICTs), this publication is ideally designed for researchers, students, and professionals seeking current research on the connection between social media and politics and its impact on modern society"--Provided by publisher.
