Sommario/riassunto	We have come to the point where we must get corruption out of government. In order for that to happen there has to be repentance, because few of us actually acknowledge the truth. If we are to survive, we must support Israel, and we must get rid of the secret occult influence in our government. This won't be easy, but it is unquestionably essential, and it will be worth it. We must consciously choose to love God; to do what we have to do to oblige him, create his ways here, and love our neighbors as ourselves. That's the whole

purpose of being here.
