Sommario/riassunto	Gone from their memories. Stripped from their minds. Rachel Clancy made a decision to erase herself form the lives of her friends and family to free herself to make hard decisions--decisions that will impact all of mankind. However, the choice wasn't really hers. Manipulated by a ruthless mastermind to do as he wished, Rachel is now alone--alone in a world of strangers. Strangers who were her friends. Strangers who were her family. Strangers who have no idea who she is. Gone from their memories. Stripped from their minds.
