	Sommario/riassunto	Previously published (2014 Forever More Publishing. Being a loner, moving by herself from a city to a small town, is something Rikki is more than capable of handling. Having a strong hunk who offers to

help with the heavy lifting was just an added bonus. And one she couldn't pass up. Torger had sat at the coffee shop across the street and watched the woman who'd snagged his interest carry boxes out of a moving trailer before he could no longer stay away. His interest in her is a sign his vampire side considered her a mate. Once he had her scent in his nose, his werewolf one agreed. With his vampire side of the family still hunting him, his sister and brother, Torger knows he puts Rikki at risk, but there is no denying the mating instincts of a hybrid. Even though his closeness to her puts a target on her back.
