| Sommario/riassunto | This book records strains and stresses, doubts and uncertainties such as were never known, on such a scale, since men first trod the surface of the earth.The author of REMEMBER THESE THINGS, Paul Harvey, literally "grew up" with radio and matured in the atmosphere of television. He has a regular following that is numbered by millions of people. History is the record of events which fashion the lives of men and the destinies of nations. In a very real sense Paul Harvey is an historian. He makes of record current happenings throughout the whole world that become factors in shaping political and economic decisions which determine the pattern of things to come.This book is |

offered as an instrument to aid in maintaining and strengthening the
framework of America's Priceless Heritage--its free institutions.
