| Sommario/riassunto | A jaded lawyer and a reformed criminal search for true love in Fiji!Sun, sea, and passion...a winning combination? Or have long held secrets doomed this love story from the start? Fijian Fling from award winning Australian romance author Sami Lee will keep you reaching for the ice |

as you savour this contemporary romance! Dumped by her boyfriend and on thin ice in her law career, Sophie Edison badly needs to re-evaluate her life. She escapes to her favorite hideaway on the tropical island of Fiji, where the attentions of the resort owner--the enigmatic and lethally sexy Dominick 'Nick' Dufour--prove a temptation too great to resist. Nick's obvious desire to take her to bed is just the salve her battered confidence needs, and she embarks on an affair that leads her to uncharted waters. Before long she starts to wonder if she can ever go back to her old life. Nick has lusted after Sophie for years. When she turns up at his secluded resort alone for the first time he wastes no time in making her his lover. Sophie is his perfect match in bed, and in the ocean and the shower...but although he might long for something more, Nick knows theirs is just a holiday fling. For he is keeping the secret of his checkered past from Sophie and it could prove the ultimate deal breaker...This contemporary vacation romance contains beaches, tropical islands, and adult language and situations. Fijian Fling is not intended for readers under the age of 18. Previously Published: (2007) Samhain Publishing | (2014) Sami Lee
