Sommario/riassunto	Six women...neighbors, friends, and sisters at heart. Together they tackled the challenges of juggling their roles as women, wives, and mothers. Now, the time has come to restore romance and passion to their marriages! Laura and Brad, Book 3 of the Eveiller Drive series from

New York Times and USA Today bestselling contemporary romance author Melanie James is an erotic short story about rekindling passion and love. Laura has perfected the art of time management. Her tightly watched schedule is the only thing that keeps her busy life from slipping into chaos. After all, not only is she a devoted mother of two children, she is the head of advertising for a real estate development company—a growing business that she started with her equally busy husband, Alan. Fourteen years into their marriage, Laura notices that Alan has been emotionally distant, and wonders if there is something going on. Has Laura's meticulous scheduling gone too far? Has Alan given up? When she confronts him with her fears about their marriage, she receives a surprising response. Now, the question is if she will be able to take a kinky leap of faith in her marriage. Will her friends on Eveiller Drive be there for her? This contemporary erotic romance contains adult content and situations, and is not intended for readers under the age of 18. Previously Published: (2014) Melanie James, Black Paw Publishing
